

Transforming Transfer Stations

9.00am – 4.45pm

Tour Leader: Rebecca Brown 0407 477 074

This Tour showcases how you can transform your transfer station into a recycling centre, showcasing two of the newest sites in Perth. The City of Swans’ Recycle Centre was opened in 2017 and has been helping residents in Bullsbrook recycled what would have been wasted before. The Centre used recycled construction and demolition materials in its development. The City of Fremantle Recycle Centre has been operating for nearly a year and has been adding more and more materials to what residents can recycle. The Centres’ activities also include encouraging reuse and residents have left the Centre with some real treasures!

Schedule	Activity
9:00 – 10:00am	Travel from Crown Towers to Bullsbrook Recycling Centre
10:00 – 10:30am	Morning Tea at Bullsbrook Recycle Centre
10:30 – 11:30am	Tour of Bullsbrook Recycling Centre
11:30 – 12:00am	Travel from Bullsbrook Recycling Centre to Mash Brewery
12:00 – 1:30pm	Lunch at Mash Brewery
1:30 – 2.40pm	Travel from Mash Brewery to City of Fremantle Transfer Station
2:40 – 3:40pm	Tour of Fremantle Transfer Station
3.40 – 3.45pm	Travel from Fremantle Transfer Station to the Raw Kitchen
3.45 - 4.15pm	Afternoon tea at The Raw Kitchen
4.15pm – 4.45pm	Travel from Fremantle Transfer Station to Crown Towers

Down South Day Trip

8.00am – 4.45pm

Tour Leader: Tazra Hawkins 0408 093 996

The Tour takes in the Bunbury Harvey Regional Council (BHRC) Landfill and Composting facility. The visit to the landfill will showcase the BHRC Reuse Shop, Household Hazardous Waste Facility and landfill operations. A number of Local Governments in the BHRC have had Food Organic and Garden Organic (FOGO) collection systems in place, on this tour you'll hear about how they implemented their FOGO system, contamination management and see how the material collected is processed into organically certified compost! As an added bonus this site visit also includes a tour of Wren Oil's recycling facility. Wren Oil recycle most of the used motor oil from Local Governments in WA and have been implementing local solutions for oil processing.

Schedule	Activity
8:00 -9:45am	Travel from Crown Towers to Stanley Road Landfill <i>Morning tea on bus</i>
9:45 – 10:45am	Tour of Stanley Road Landfill
10:45 – 11:05am	Travel from Stanley Road Landfill to Wren Oil
11:05 – 12:05pm	Tour of Wren Oil
12:05 – 12:20pm	Travel from Wren Oil to Waters Edge Café
12:20 – 1:20pm	Lunch at Waters Edge Cafe
1:20 – 1:45pm	Travel from Waters Edge Cafe to Dardanup Compost Facility
1:45 – 2:45pm	Tour of Dardanup Compost Facility
2:45 – 4:45pm	Travel from Dardanup Compost Facility to Crown Towers <i>Afternoon tea on bus</i>

Studying Waste

8.30am – 12.00pm

Tour Leader: Simeon Kendall 0410 963 225

To move waste management forward and improve waste outcomes research and development is an essential element. On this Tour you'll have the chance to take a behind the scenes look at Edith Cowan University laboratories and operations and hear from Masters and PhD students undertaking cutting edge research to improve waste management.

Schedule	Activity
8.30 – 9.00am	Travel from Crown Towers to Edith Cowan University, Joondalup
9.00 – 11.00am	Welcome to Edith Cowan University by the Executive Dean, School of Engineering Guided tour of: <ul style="list-style-type: none"> • Chemical engineering lab (27.110) • Renewable energy lab (27.111) • Geotechnical and structural engineering lab (27.108) • Motorsport Workshop (23.101) • Electronical poster presentations by PhD/MEngSci students (23.119)
11.00 – 11.30am	Morning tea (same time and location of research students' poster presentation - 23.119)
11.30am – 12.00pm	Travel from Edith Cowan University, Joondalup to Crown Perth

Mattress Recycling – We’ve got it Sorted

1.30pm – 3.10pm

Tour Leader: Evan Cocks 0417 391 731

Find out how mattresses are recycled, where the recyclables go and what social outcomes can be achieved when you visit Waste Authority Infinity Award Winning Soft Landing facility.

Schedule	Activity
1:30 – 2:05pm	Travel from Crown Towers to Soft Landing
2:05 – 2:35pm	Tour of Soft Landing
2.35 – 3.10pm	Travel from Soft Landing to Crown Towers

Waste in Action! Sponsored by Airwell Pumps

1.30pm – 4.50pm

Tour Leader: Kathrine Goldsmith 0413 257 864

Do you want to see what landfilling looks like in action? This tour visits Mindarie Regional Councils Tamala Park Landfill Site, where you'll have the opportunity to see Airwell pumps in action, gain a detailed understanding of how to manage odour from landfill sites and discuss with the experts on site their rainfall management plan.

Schedule	Activity
1:30 -2:10pm	Travel from Crown Towers to Tamala Park Landfill Site
2:10 – 3:00pm	Tour and Demonstration Airwell Demonstration and MRC Airwell pump applications
3:00 – 3.20pm	Afternoon Tea
3:20 – 4:10pm	<ul style="list-style-type: none"> • Airwell pumps - use on site - including the evaporation mats • Rainfall Management Plan • Management (EcoSorb, BioWish, Odour Vapour Pods)
4.10 – 4:50pm	Travel from Tamala Park Landfill Site to Crown Towers

Reuse Revolution

8.30am – 12.45pm

Tour Leader: Heather Squire 0488 143 879

The Reuse Revolution has arrived, more and more Local Governments are looking at options to reduce waste to landfill and encourage its reuse. Reuse Shops (aka Tip Shops) provide a way for recycle centres, transfer stations and landfills to capture valuable materials. The tour visits two Reuse Centres at the City of Stirling and City of Armadale. Both have different approaches to managing their site, but achieve great results. All Tour attendees will also receive a copy of WALGA's Better Practice Reuse Shop Guidelines, to help with setting up their own Reuse Shop when they get home!

Schedule	Activity
8.30 – 9.00am	Travel from Crown Towers to Balcatta Transfer Station
9.00 – 10.00am	Tour of Balcatta Transfer Station and Reuse Shop
10.00 – 10.15am	Morning Tea at Reuse Shop
10.15 – 11.00am	Travel to City of Armadale Landfill
11.05 – 12.05pm	Tour of City of Armadale Reuse Shop
12.05 – 12.45pm	Travel from City of Armadale Landfill to Crown Towers
